Using Technology to Develop Literacy Lessons, 9th Annual Conference on Literacy, Mount Saint Mary College, Newburgh, NY, April 20, 2002

PROJECTS

Create, maintain and provide support for Springshare LibGuides software to HSL librarians and staff. Created subject-based research guides using LibGuides software. Determined and developed optimal organization and design for the guides. Researched, selected and annotated relevant and appropriate library resources for inclusion, and collaborated with Reference Librarian to create a style guide for consistency and quality control.

15 Things for Nursing Faculty & Staff, an online learning program that encourages nursing faculty and staff to learn more about emerging technologies on the Web that are changing the way people, society and libraries access information and communicate with each other.
July 2009 -

Facilitated "Medical Expert" Interviews using Skype between second year medical students at UC Denver and Sagewood Middle School in Parker, CO.
November 21, 2008, April 17, 2009
<http://www.aurorasentinel.com/articles/2008/11/25/news/doc492c78a2c76db504329646.txt>

Medical Multimedia Links. Over 1,000 Web pages constructed with a strictly controlled thesaurus. This page contains links to other pages and sites on the Internet offering biomedical related multimedia material, mostly images (photos, illustrations, etc.)
October 2005-
